From feel to function
to airflow

Patient-driven

700 interviews
and surveys²

Remarkable ease

User-friendly
interfaces

You're in control

Stay motivated,
get results

Sleep tip¹

To achieve the full benefits of CPAP therapy, use every time you sleep – during naps and at night. Most people should use CPAP for at least 7.5 hours each night for best results.

Philips Respironics sleep therapy

At Philips Respironics, we know that good, sound sleep is vitally important at every age – to your work, your play and your physical and emotional well-being. That's why we design our products to help make treating your sleep apnea easy and comfortable. So you can get the kind of sleep you need to help you feel more like yourself every day.

Your Dream Family information kit

DreamWear

Like wearing nothing at all^{1,2,3}

The DreamWear system of masks features the “no hose nose” mask design that lets you sleep how you want, even on your side or stomach.^{1,2,3}

- The DreamWear system of masks **rests under your nose**, not over it.⁴
- Its innovative design **prevents red marks, discomfort or irritation** in the nostrils or on the nose bridge.^{1,2,3,4}
- **Top-of-the-head hose design** allows you to sleep in any position you want – even on your side or stomach.^{1,2,3}
- The **open design** gives you a **full field of vision**⁴ to read or watch TV before falling asleep. Comfortably wear your glasses.
- Users felt that they experienced more **freedom** of movement with **DreamWear** than their prescribed mask^{1,2,3} and it comes closest to making them feel like they **have nothing on their face** during therapy.^{1,2,3}
- **DreamWear headgear with arms** has a slip-resistant design. Users reported a new level of stability, comfort, fit, seal and performance compared to our original DreamWear CPAP masks.^{3,5}
- **9 out of 10 users would recommend DreamWear silicone pillows** to others with obstructive sleep apnea.³

Cleaning tip

Clean your mask cushion after every night's use. The headgear does not need to be removed for daily cleaning. However, it should be washed weekly or as needed.

Note: Please refer to instructions for use for complete details on the use of your mask and how to clean it properly.

¹DreamWear Under the Nose Nasal: Data analysis at 30 days of use of 2015 Philips sponsored patient preference trial (n=98). Prescribed masks include ResMed Swift FX, ResMed Mirage FX, Philips Wisp, and ResMed P10. Data analysis at 10 days of use of 2019 Philips sponsored patient preference trial (n=81). Prescribed masks include ResMed Airfit N10, N20, Mirage Fx, Philips Wisp, Pico, ComfortGel Blue, F&P Eson & Eson 2.

²DreamWear Full Face: Data analysis of Aug 2017 Patient Preference trial where (n=85) and prescribed masks include ResMed Airfit F10 and F20, Respiration Amara View and F&P Simplus.

³Analysis after 30 day of use during Jul/Aug 2020. Pillows preference trial with (n=127). Prescribed masks include ResMed Airfit P10, P30i, Swift Fx, F&P Brevida, Philips DreamWear Gel Pillows, Nuance / Pro.

⁴The design of the masks are such that it does not contact the nasal bridge.

⁵Patient Preference study with DreamWear Nasal with original headgear users; (n=140), Jan/March 2019, at 30 days. Original headgear refers to the slit headgear design on DreamWear UTN Nasal mask.

Note: Switching from a nasal or silicone pillows cushion to a full face cushion requires different headgear and instructions. Consumers must consult their provider before making adjustments.

Your Dream Family information kit

DreamStation

Making sleep therapy simple, quiet and smart

With easy-to-navigate menus, quiet operation and a sleek, compact design, DreamStation helps make it simple to start, customize and continue your obstructive sleep apnea (OSA) therapy.

- Philips Respironics is the most prescribed sleep therapy system in the U.S. by sleep physicians.¹
- Controls and interface at the front of the unit for enhanced visibility on your nightstand.
- Colorful, easy-to-use display with icon-based navigation and daily feedback.
- Most comprehensive suite of connectivity options available among the leading CPAP brands.²

Sleep tip

Humidifiers are designed to moisturize the air that is being delivered to you from the therapy device. Many humidifiers also offer an optional heated hose accessory that warms the airflow from the therapy device.³

¹2016 Philips blinded, incentivized survey of U.S. Sleep Physicians (n=180)

²Internal assessment of 2018 competitive CPAP data comparing to ResMed Aironse10/Aironse10 platform and Fisher & Paykel Icon series platform.
